

## ARRANGE PEACE TERMS WITH REBELS

Revolutionists Will Return  
Control of Juarez to  
Government.

### MADEMOISELLE ALARMED

Realizes Zapata Rebellion Is  
Most Formidable Menace  
It Has Faced

EL PASO, Tex., Feb. 2.—At 12:30 a. m., Governor Gonzalez advised Colonel Estrada an agreement has been reached with Juarez rebels involving the return of control of city to federal government.

The terms of the agreement are understood to involve the payment of all money due the rebel soldiers for past services to the government, 50 per cent of their wages of \$150 (Mexican) per day having been held back, and free transportation of all the dismissed men back to their homes in the interior.

Colonel Estrada, in command of the men, announced this morning that the agreement is satisfactory to the men in revolt, and the custody of Ciudad Juarez will be restored to the federal government immediately upon carrying out of the terms of the agreement.

### Protest to President Taft

EL PASO, Feb. 1.—The city council and chamber of commerce of El Paso sent a telegram to President Taft last afternoon protesting against conditions in Ciudad Juarez and urging immediate measures to prevent a repetition of the occurrence of May, 1911, when there was loss of American life and property.

The property damage in Ciudad Juarez as a result of the springing of the revolutionary conspiracy is estimated at fully \$500,000. The known death list is 15, but scores are wounded, many of whom will die.

The revolutionists are in possession of the city tonight, the citizens offering no resistance to the city government they have set up during the day. Nothing can be learned here of the approach of loyal federal troops said to be coming from Chihuahua, on account of the destruction of all means of communication out of the city. The revolutionary leaders claim tonight, however, that the garrison at Casas Grandes is en route to Ciudad Juarez on a special train for the purpose of joining them, and will probably arrive early tomorrow morning.

### Madero Government Alarmed

MEXICO CITY, Mex., Feb. 1.—It is the general belief here that the Madero government faces a crisis.

The president and members of his cabinet now admit that the rebellion headed by Emiliano Zapata has grown to such proportions as to make it the most formidable menace yet faced by the present government. The conduct of the campaign against the Zapatistas, now operating over a wide area, and the uprising at Juarez last night, were discussed in a cabinet meeting this afternoon. The president was not willing to admit that the uprising at Juarez was connected with the Zapatista revolution.

The immediate cause of the mutiny was a misunderstanding of orders, according to the report.

## LAYMEN TO MEET

APRIL 2 TO 24

BIGGEST RELIGIOUS CONVENTION EVER HELD

Noted Men of World to Speak  
at Men and Religion Forward Movement in N. Y.

NEW YORK, Feb. 1.—Announcement was made tonight that the National Men and Religion Forward movement will hold its culminating congress in New York city, April 19-24. The delegates will be limited to 5,000 and will be apportioned among the cities where the movement has held conventions during the winter.

It is said the congress will be the most representative gathering of Christian laymen ever held in North America. All denominations will participate, as well as such interdenominational organizations as the adult Bible classes of the Sunday schools, the Laymen's Missionary movement, the Gideons, the Y. M. C. A., etc.

Sessions will be held in Carnegie hall, with auxiliary meetings in neighboring churches. The lay speakers announced include President Taft, Ambassador Bryce, William J. Bryan, John Mitchell, Prof. E. A. Steiner, ex-Governor Norton of Georgia, Booker T. Washington and William T. Ellis of Pennsylvania. Among the clergymen who will speak are Bishop Greer of New York, Archbishop Madden of Liverpool, Bishop McDowell of Chicago, the Rev. J. W. Jewett of New York and Dr. C. R. Gray of Glasgow. The only woman to be Jane Addams of Chicago, who will speak upon the social evil.

The parade of delegates will be held on April 20 and President Taft is expected to review it. The principal business of the convention will be to summarize the findings of the past winter's Men and Religion work throughout the country.

### Clash With Socialists

PITTSBURG, Pa., Feb. 1.—Although instructions have been issued, it is said, by the leaders of the Men and Religion Forward movement conducting an eight-day campaign in Pittsburgh, calling for the elimination of politics from meetings, prominent speakers of the movement and Socialists continue to clash here.

A sharp exchange of words today between Raymond Robbins of Chicago and the Rev. A. W. Prosser, a local Socialist, in the Second Presbyterian church, resulted in the meeting breaking up in confusion.

Yesterday the Rev. John Dean of California was continually interrupted while holding a meeting in the plant of the Union Steel company by Socialists shouting:

"Isn't J. P. Morgan paying you fellows to come around here to smash the Socialists?"

On Thursday, Mr. Robbins, during a visit with the Rev. Prosser, dubbed the minister an "intellectual ass."

### Calif. Preacher a Politician

The trouble today came when the Rev. Prosser asked Mr. Robbins how he equated the church work with the conditions of the laboring man. Mr. Robbins started to answer, but the preacher, alleging that the reply was not straight, demanded that he answer the question as asked.

"I know what you want. You're a politician," Mr. Robbins retorted.

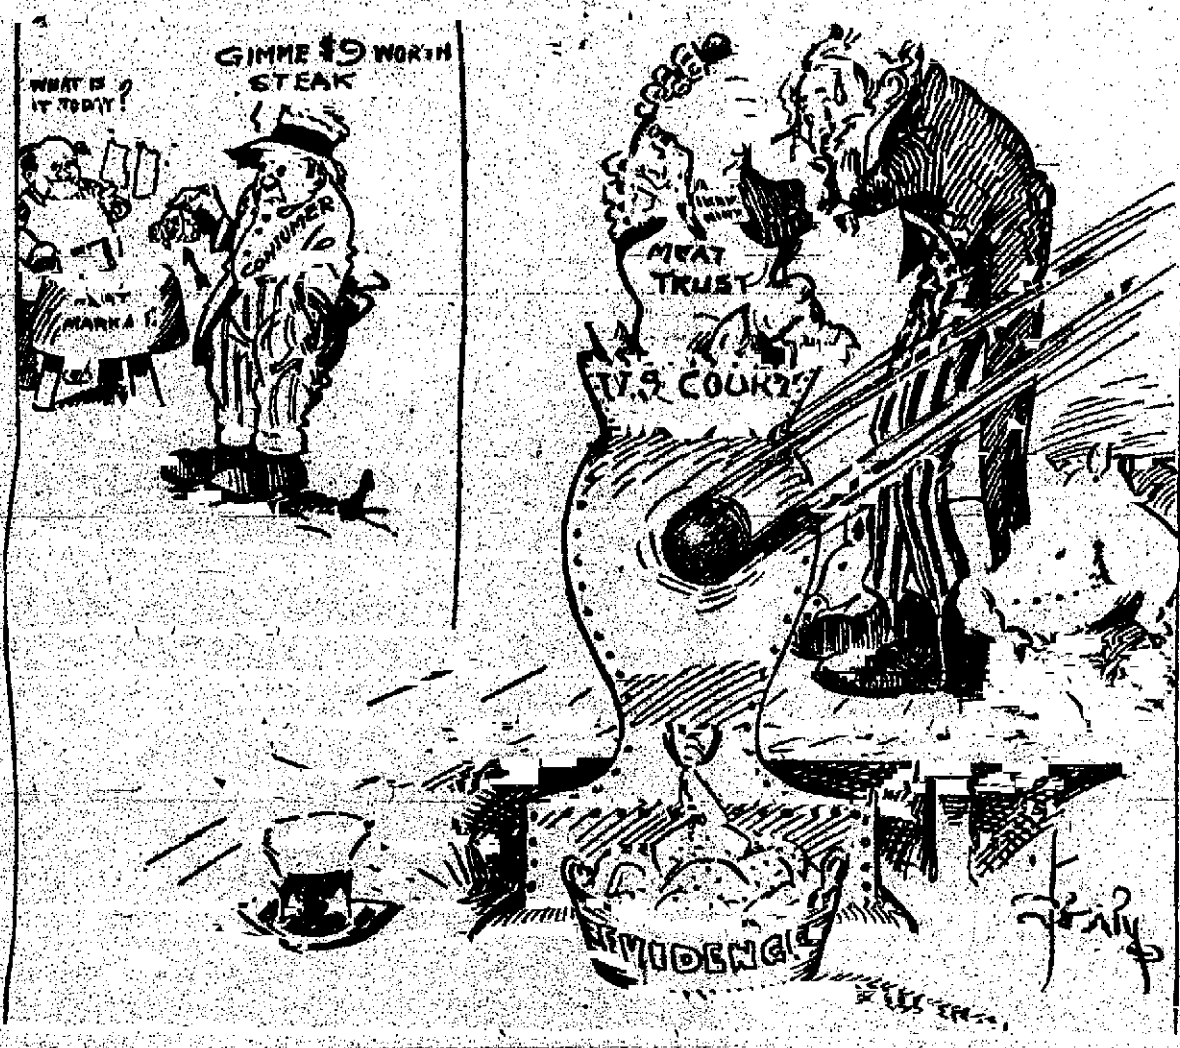

"I'm simply seeking information and demanding a direct answer," thundered the Rev. Prosser, jumping to his feet.

At this juncture handclapping and shouts from the audience put an end to the debate. Many persons started to leave the church, and it was with difficulty that a short dismissal prayer was hurriedly offered.

Previous to the opening of the campaign in this city, cards were distributed among the mill employees and other workers. Printed on the cards

## EXPRESS COMPANIES TO BE PROSECUTED

Interstate Commerce Commission Will Try to Stop Overcharges to Shippers

WASHINGTON, Feb. 1.—Prosecution of express companies for overcharges to shippers in the transportation of their goods was indicated by Commissioner Lane at the express rate hearing today, to be the intention of the interstate commerce commission.

W. A. Ryan, one of the investigators for the commission, presented in tabulated form the express of a month's business of the Adams Express company, showing that \$87,000 in overcharges had been turned into the company's treasury.

The bills, T. B. Harrison, counsel of the company, explained, are what are known as "over-prepayments," and asserted that he would be able to show that not more than 20 per cent of the \$87,000 actually remained in the company's treasury. He added that positive instructions were given by the company to all its representatives to make refunds on all discoverable overcharges.

"Well," said Commissioner Lane, "it is conclusively established that the companies themselves do not understand the tariffs and regulations of the business of the company for one day. We find more than 3,000 overcharges. Now then, we propose to prosecute companies for making these overcharges. They are clearly violations of the law."

Mr. Ryan produced comparative tables of the operations of express companies in Great Britain, France and Germany and those of the United States. They showed, generally, that for similar services, weights and distances, the foreign rates were considerably lower than the domestic rates.

## M'MANIGAL ON WAY TO PACIFIC COAST

INDIANAPOLIS, Feb. 1.—Orville E. McManigal, the confessed dynamiter who has been here several weeks aiding the federal grand jury in its investigation of an alleged nationwide dynamite conspiracy, departed secretly for Los Angeles last night, according to announcement made tonight. His departure was guarded as carefully as his arrival. With him was Detective McLaughlin, who has his constant companion since his arrest. In the party also was Sheriff William A. Hammel and Undersheriff Robert T. Bain of Los Angeles county.

United States Marshal Schmidt would not say which route would be traveled, but it is understood the party went by way of St. Louis. The federal officials would not say whether McManigal would be returned to Indianapolis to testify, should indictment be returned and the case brought to trial.

When it was announced that McManigal was to be brought to Indianapolis, Sheriff Hammel insisted that the greatest precautions be taken because his prisoner would be needed as a witness in cases that are to be tried on the coast.

A short time before reaching Indianapolis, McManigal shaved off his mustache and in this manner sought to evade detection. It is not known that he wore a disguise on leaving, but it was intimated by the officials that they had no fear that he will be recognized on his return to California. It was announced that the grand jury has adjourned until next Tuesday. When the jury reconvenes it will be a few days before indictments will be returned.

## LEADING RAILROAD MAGNATE IS DEAD

Edwin Hawley Succumbs Shortly After Reports of Serious Illness Denied

NEW YORK, Feb. 1.—Edwin Hawley, chairman of the Minneapolis & St. Louis railroad and one of the leading railroad magnates in this country, died at his home here today after an illness of several weeks.

Mr. Hawley, 62, had been suffering from nervous indigestion for some time, and for the last few weeks had been confined to his home, at 13 East Sixtieth street. Frequent reports that his condition was serious were denied and only yesterday Mr. Hawley said:

EDWIN HAWLEY, Railway Magnate, Who Died Early Yesterday Morning at His Home in New York City.

he hoped to be down town within a week or so. His death came at 4 o'clock this morning.

Among the companies of which Mr. Hawley was a director were the Colorado & Southern railway, Colorado Fuel & Iron company, the Evansville & Terre Haute railway, the Minneapolis & St. Louis, the Iowa Central and the Hooker Valley railroad.

Early in the winter, Mr. Hawley had an attack of grip and returned to work before he had sufficiently recovered. As a result he suffered a relapse and his physicians told him that he would have to take a long rest. Since then Mr. Hawley has been confined to the house, and recently he began to suffer from indigestion.

Early this morning Mr. Hawley was seized with heart failure and death soon followed. No arrangements have been made for the funeral.

## BARES DEFENDANT'S TEETH TO THE JURY

Prosecution Dismbonds Man on Trial for Dynamiting by Identification Method

LOS ANGELES, Feb. 1.—Dell H. Connors, on trial here for conspiracy to dynamite the hall of records building, was led up and down in front of the jury box today with the hand of Deputy District Attorney G. Ray Horton, pulling his lips away from his teeth, as the teeth of a horse are bared before a sale. A crowded court room sat breathless while Horton, at the conclusion of his argument, apparently dumbfounded Connors by declaring that dents on fulminating caps introduced as evidence were the imprints of Connors' teeth, showing where he had clinched the caps to fuses attached in turn to the sticks of dynamite found near the building.

As Horton spoke, Connors was seen to close his lips firmly.

"Look at him! Look at him!" cried the prosecutor. "He does not dare open his mouth—he does not dare show his teeth!"

Still Connors sat eyeing the floor. His attorney, Lecompte Davis, pulled him from his chair, and stood him up before the jury box.

"Open your mouth," demanded Horton, and Connors parted his lips. Horton, dissatisfied, grasped the prisoner's jaw, pulling the lower lip away from the teeth, and led Connors from the jury box, calling attention to the fact that Connors' teeth are far apart.

When he had finished, he released the prisoner and passed the fulminating caps into the jury box, declaring that they bore the marks of the teeth the jury had just seen.

(When arguments were concluded a recess was taken until tomorrow morning, when the jury will be instructed and will undertake to decide Connors' fate.)

## FEDERAL TREASURY DEFICIT GROWING

WASHINGTON, Feb. 1.—The deficit of the federal treasury for the current fiscal year has increased to \$22,558,000. At the close of January a year ago the excess of disbursements over receipts was only \$4,137,000. The treasury gathered up during January \$2,462,000. The month's expenses of the national government, however, reached \$3,422,000, a deficit for the month of \$860,000.

The total balance in the general fund when the treasury opened today was \$12,414,000, a month ago it was \$12,925,000. The working balance in the treasury at the close of January was \$65,451,000, against \$71,475,000 at the end of December. The total amount of gold coin and bullion held in trust by the United States for the redemption of notes and certificates on January 10 was \$10,305,612,000.

The construction of the Panama canal called \$2,291,000 out of the treasury during January, while December's disbursements in this connection were \$3,122,000. Work on the canal up to date during the current fiscal year has cost \$20,999,000.

There are 7,348 national banks, according to the comptroller of the currency. The total amount of national bank collections outstanding is \$741,434,000.

## PENSION BILL MEASURE REACHES FINAL STAGE

WASHINGTON, Feb. 1.—Consideration of the pension appropriation bill reached its final stage in the house today, and the measure, carrying \$152,579,000, is expected to pass tomorrow.

## \$1,000,000 FIRE LOSS AT HALIFAX

SUGAR REFINING PLANT  
BURNS TO GROUND

Thousands of Barrels and Bags  
of Product Destroyed—One  
Employee Missing

HALIFAX, N. S., Feb. 1.—Fire tonight destroyed the Woodside plant of the Arcadia Sugar Refining company here, entailing a loss estimated at more than \$1,000,000. One employee is missing and is believed to have been burned to death.

The fire started in a large wooden warehouse on the water front where 10,000 barrels of sugar was stored. The flames made short work of this and shot across the railway tracks to the seven-story building of the refinery.

The spread of the blaze was so rapid that some of the workmen had difficulty in escaping and a man named Henneberry, is the workman not accounted for. He is believed to have perished.

In a remarkably short time nothing was left of the big plant except the boiler house. The plant is on the Dartmouth side of the river in an isolated location and the rapid spread of the fire prevented firemen from doing effective work. Besides the refined sugar destroyed, more than 25,000 bags of raw sugar were consumed. Several loaded freight railway cars were on a side track at the refinery, but no engine could be procured quick enough to haul them out and they were burned.

The steamer Aurora of the Pickford and Black line was at the wharf discharging raw sugar when the fire broke out. She was towed to safety in midstream, but sugar discharged during the last three days was burned. The loss is said to be largely covered by insurance.

## MURDER WITNESS DIES

Grand Jury Investigating Sudden and Mysterious Death of Son of Former Texas Governor

FORT WORTH, Tex., Feb. 1.—Edward Throckmorton, principal state witness in the trial of J. E. Sneed, charged with the murder of Carr A. D. Boyce, died at 11:30 o'clock tonight.

"Anna, I've been doped," he said, addressing his wife, just before he died. Throckmorton, son of a former governor of Texas, became suddenly and mysteriously ill Tuesday night. He had been seen that day in company with two strangers here said to have been detectives connected with the case. The grand jury is investigating.

## GOV. WILSON IN VIRGINIA

RICHMOND, Va., Feb. 1.—A large crowd, including members of the general assembly, delivered Governor Wilson of New Jersey an address on the "Democratic Opportunity" tonight. The governor did not mention the Harvey-Watterston-Wilson incident. He was applauded when he declared it was not an insurgent but an organization man.

"The difference between organization and a machine," he said, "is that organization is the systematic cooperation of men for a common purpose; while a machine is the systematic cooperation of men for a private purpose."

On his arrival in the morning the governor addressed the students of Richmond college.

"I urge you," he said to the students, "that in making up your minds on the questions that now confront us as a nation, you will not let your judgment be disturbed by people who call names."

W. F. McCombs, the governor's campaign manager, announced that Governor Wilson had accepted an invitation by the Kentucky legislature to deliver an address at Frankfort, February 9.

## Colo. City "Wet"

Until Decision by the Supreme Court

Under the decision of Judge J. W. Shear of the district court, Colorado City was to have become "dry" yesterday, but the state supreme court has granted a stay of execution until such time as it has a chance to give a decision on the writ of superadeas asked for by the "wets."

If granted the writ will defer the effect of Judge Shear's decision until a full hearing can be had on the merits of the suit. This suit was brought by John F. Worley and others against the city, contesting the result of the last election, when, according to the original count, Colorado City remained "wet" territory by one vote.

Following the hearing in the district court Judge Shear ruled that Colorado City was "dry" by three votes. He said that the town might remain "wet" until February 1, thinking that the supreme court would act on the matter before that time.

The time limit granted by Judge Shear for an answer was taken up by attorneys before the supreme court, and the stay of execution granted.

The supreme court was to have announced a decision yesterday, but nothing was heard. It is probable that the decision will be announced today.

## TWO FACTIONS RECONCILED

Government of Republic Said  
to Control Situation Spain  
May Intervene

PARIS, Feb. 1.—The Paris news paper, The Radical, says that Dom Miguel of Braganza has loaned ex-King Manuel a large sum of money obtained from his wife, who was Anita Stewart of New York, stepdaughter of the late James Henry Smith, who left many millions. The paper fixes the amount of the loan at \$20,000,000. The money is to be used in helping Manuel to regain the throne.

Pretender and Ex-King Agree. LONDON, Feb. 1.—According to information from authoritative sources, at a meeting at Dover, Tuesday, between ex-King Manuel and the Portuguese pretender, Dom Miguel of Braganza, the latter voluntarily offered to help in every way in his power to restore Manuel to the Portuguese throne. The reconciliation between the two branches of the house of Braganza, it is added, is complete.

Spain May Intervene. MADRID, Feb. 1.—The semi-official Marmaca commenting on events in Portugal gives it to be understood that Spain is preparing for intervention.

LISBON, Feb. 1.—Apparently the government is master of the situation in the Lisbon where owing to the gravity of the general strike a day or two ago martial law was declared. It was announced unofficially tonight there is not a single strike in Portugal, but this simply means that the strikers and their adherents have been overawed by the military display.

The chamber of deputies today approved an urgent bill authorizing the trial by drumhead court-martial of persons arrested in the recent disturbance. The bill provides that the trial of the men in groups of 25 or more should proceed without preliminary investigation and that an appeal shall be possible only to the supreme military tribunal.

The bill will be discussed tomorrow in the senate. The government in possession of all leaders and say that strike has been terminated by Marmaca's efforts of the archbishops.

## IN TEMPORARY COMMAND OF ARMY DEPARTMENT

ATLANTA, Ga., Feb. 1.—Col. John T. Worsdale of the Seventeenth United States Infantry, assumed temporary command of the department of the Gulf today to await the coming of Gen. W. W. Witherspoon, the commander-designate, who is ill.

Gen. Albert L. Mills, the retiring department commander, left for Washington to assume the presidency of the army war college.

## FORMER MAGAZINE EDITOR TO PRISON FOR SHOOTING

FRED HOYT, N. J., Feb. 1.—Andrew McConnel, formerly a magazine editor of Atlanta, and founder of a so-called "human electricity" healing cult, was sentenced today to not more than seven years in prison for shooting his wife at Ocean Grove, December 25.

## PUBLISHERS FORECAST OF HOME RULE BILL

LONDON, Feb. 1.—The Daily Chronicle publishes a forecast of the home rule bill. It foretells that the Irish shall have full control of customs and excise, and provision will be made for the continuance of complete free trade between England and Ireland.

Ireland is to receive for 15 years an annual imperial subsidy of \$10,000,000, after which she will make contributions to the imperial expenses, based on a percentage of her revenues. The Irish parliament will consist of two houses: a legislative council of about 80 members and a legislative assembly of 108 members. The council will have a suspensory veto on legislation.

In the event of a disagreement between the two houses, after the second rejection of a bill by the council it will be submitted to the two houses deliberating and voting together, and adopted or rejected according to the decision of the majority.

Ireland will continue to be represented in the imperial parliament but in greatly diminished numbers. The Irish parliament shall have no control with respect to the navy, army or coast lighting, and will be forbidden to establish or endow any religious matter.

According to the forecast, it is understood that the Irish constabulary will be controlled by the imperial authorities for 15 years.

## CHINESE ARRESTED FOR MURDER OF WHITE BOY

Gangs of Two Nationalities in San Francisco Were in Habit of Holding Nightly Battles

SAN FRANCISCO, Feb. 1.—A nightly gang fight between American boys and Chinese lads culminated fatally last night when James Kane, a 13-year-old American boy was shot and killed. Wong Shee, a Chinese storekeeper, 23 years old, was arrested today, and charged with his murder. Kane's body, with a bullet hole in the forehead, was found at a clock today in the yard of the Oriental school, where it had lain since a clock last night, when his companions had fled, too terrified at his death to give an alarm.

It was learned today that it had been a regular custom for the handful of Chinese and American boys to meet on the grounds of the Oriental school, which is on the edge of the Chinese quarter, and do battle. The affairs commenced with fist fights, then sticks and brick bats were brought into play, and last night one of the American boys went to the scene armed with an air gun. It is said that Wong Shee, after the air gun had been fired, ran from his store nearby and fired at the American boys with a revolver. Wong denies the charge.

## WIFE DIVORCED FROM MAN WHO DROVE HER TO PLOW

KANSAS CITY, Feb. 1.—"You belong to by-gone days; you don't deserve to have a wife," declared Judge Walter A. Powell of the Jackson county court at Independence today, as he addressed Lafayette Chout, a farmer, whose wife had sued him for divorce, alleging he had tied her to a plow and beaten her because she could not keep pace with the horses.

"A man who is cruel to his wife and his family," said the judge, "has no place in society. I therefore grant Mrs. Chout a divorce and award her \$12 a week alimony."

Chout admitted on the witness stand that he had hit his wife to the marrow.

## BUSY DAY FOR FOUNDER BOY SCOUT MOVEMENT

BOSTON, Feb. 1.—Lieut. Gen. Sir Robert Baden-Powell, chief of the Boy Scouts of Great Britain, closed a strenuous day in this city with a banquet at the City Club and a lecture at Tremont temple, tonight. The early part of the day was devoted to a round of greetings from boy scout organizations. Among those who attended the dinner tonight were Capt. Dewitt Coffman, commandant of the Charleston navy yard; British Vice Consul Gordon P. MacLean, Philip E. Muldowney, commandant of the British naval and military veterans, and officers of the Massachusetts National guard.

## DISCHARGES DEFENDANT; HOLDS PRINCIPAL WITNESS

WICHITA, Kan., Feb. 1.—Judge T. C. Wilson, before whom Benjamin Houston, 48 years old, of Ivanhoe, Okla., was being tried for the murder of Burton H. Reed, of Wichita, stopped the trial this afternoon, discharged Houston, and ordered Guy Curtis, the principal prosecuting witness, held for investigation.

Curtis had testified he saw Houston running away after Reed had been shot, and that Houston had pawned to him the following day a revolver with which it is alleged, the crime was committed.

Judge Wilson, in discharging Houston, said he did not place any credence in the testimony given by Curtis.

## WOUNDS WIFE'S AFFINITY

NEW ORLEANS, Feb. 1.—Several revolver shots fired in the crowded corridor of the local postoffice, this afternoon by J. H. McAdoo, of Shreveport, La., marked a chapter in the story of the element several weeks ago of Mrs. McAdoo, 26 years old, with John J. Dailley, 37 years old, a hotel man of St. Louis and Shreveport. Dailley was shot in the leg.

According to the police, McAdoo said he had traced his wife and Dailley to several cities in Texas. On seeing them together today, McAdoo says, he lost control of himself and began shooting. Mrs. McAdoo rushed between the men, but was uninjured. All were arrested.

## 250 DANQUELERS POISONED

MADISON, Ill., Feb. 1.—Twenty persons are suffering from ptomaine poisoning here tonight as the result of eating stewed chicken at a banquet given by the city's volunteer firemen last night.

Of the 450 persons who attended the banquet, 250 suffered more or less from attacks of poisoning during the night and day.

## ARMY ORDERS AND CHANGES

WASHINGTON, Feb. 1.—Major Albert Persons, Medical corps, is detailed to enter the army field service and correspondence school for medical officers, Fort Leavenworth, for the purpose of taking the course in the field service school, and will proceed from Fort Jay to Fort Leavenworth on April 1 for duty accordingly. Upon the completion of the course Major Persons will proceed to the Letterman general hospital, San Francisco.

Lieut. Col. Arthur C. Ducatt, Twenty-first infantry, will proceed upon the expiration of his leave of absence to Fort Leavenworth for duty.

Leave of absence for five days is granted Col. John R. Wynn, Twenty-first

## DYSPEPSIA IS RELIEVED IN FIVE MINUTES

Indigestion and All Other Stomach Distress Goes After Taking a Little Diapepsin.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can surely get relief within five minutes.

## LEADING RAILROAD

(Continued From Page One.)  
as yet been made for the funeral. Notwithstanding his illness, Mr. Hawley kept in constant touch with his business associates.

The constructive work of Mr. Hawley in the railroad field has often been compared to that of the late Edward H. Harriman. With his associates Mr. Hawley controlled the Chesapeake & Ohio, the Iowa Central, the Minneapolis & St. Louis, the Missouri, Kansas & Texas, the Hocking Valley, the Toledo, St. Louis & Western and other lines. Quite recently he was asked to undertake the readjustment of the affairs of the Vauban railroad.

The stock market was not affected by the news of Mr. Hawley's death. It went up two points.

He was 61 years of age and his earliest railroad service began in 1887 as a clerk on the Erie railroad. His important work was done between 1890 and 1902 in the service of the Southern Pacific where he was the right hand man of the late Collis P. Huntington. The so-called Hawley system of railroads has been built up within the last 15 years.

Mr. Hawley was a bachelor and the only relative with him when he died was his nephew, Walter S. Crandell, a member of the Hawley firm.

Mr. Hawley had just finished preparations for a trip to Palm Beach where he expected to spend the rest of the winter.

## ST. LOUIS REPUBLICANS RESCIND INDORSEMENT

ST. LOUIS, Feb. 1.—The city Republican committee, by a vote of 25 to 3, tonight rescinded its recent resolution endorsing Col. Theodore Roosevelt for the presidential nomination, and pledged itself to support the nominee of the National Republican convention.

The committee's indorsement of the former president was passed by a vote of 15 to 10. W. S. E. Jarrett, chairman of the committee, was the only person who voted for Roosevelt tonight.

As a result he will be relieved of the chairmanship.

The rescinding of the indorsement was due to a local political fight.

## MRS. A. H. MANN, KNOWN ON STAGE, SEEKS A DIVORCE

CHICAGO, Feb. 1.—Mrs. Agnes Helene Mann, known on the stage as Marguerite Sylva, applied to the circuit court here today for a divorce from William David Mann, charging non-support and desertion.

Mrs. Mann told the court her husband had not supported her since their marriage, April 10, 1902, and that they separated in Paris in 1903. When she says she allowed him \$100 a month. When asked what her husband's business was she replied:

"He has no business except being my husband."

Mann is in Chicago, but did not contest the suit. A decree was ordered drawn up.

## Catarrh-Miseries Forever Ended

A Simple, Safe Remedy Brings Instant Relief, Even in the Worst Cases.

The most effective and harmless way to cure catarrh or a cold in the head is to apply a little Ely's Cream Balm. This pleasant, harmless, antiseptic, cleansing Balm quickly heals the sore membranes and restores the sense of taste and smell. It will surely relieve even the worst case of catarrh.

Get a 50-cent bottle from your druggist, use it according to directions, and cold in the head, catarrh, catarrhal headache, head noises and sneezing will all go. More than this, the Balm will strengthen the sensitive membrane, so that you can resist and throw off colds.

Quick relief from catarrhal misery awaits you at any drug store. A 50-cent bottle of Ely's Cream Balm is generally more than sufficient for even a chronic case of catarrh or hay fever. It is perfectly reliable.

## PREMIER YUAN'S ARMY THREATENS POPULACE

Warns People Campaign of Extermination Will Follow Any Attempt to Hurt Leader

PEKIN, Feb. 1.—Yuan Shi Kai's army has spread broadcast leaflets threatening that if a hair of Yuan's head is injured, they will exterminate a whole generation of those responsible.

The Chinese papers confirm the announced intention of the emperor-dowager concerning the abdication of the throne. It is believed that a definite settlement is imminent. The Mongolian princes assert that Mongolia will not join the republic.

WASHINGTON, Feb. 1.—Sympathizers with Manchukuo dynasty in Manchuria have adopted a drastic method of dealing with the Republican revolutionists by assassinating their leaders as rapidly as they can be identified.

The United States consul general at Mukden reports to the state department that in that city no less than 37 persons, suspected of revolutionary tendencies, have been murdered recently and their homes looted by imperialist gangs. Many English-speaking Chinese, as well as many other Chinese from the provinces of China proper, are fleeing the country.

SHANGHAI, Feb. 1.—At a meeting of the shareholders of the China Merchants Steamship company, today, it was decided to give the company's ships as security for a loan of 10,000,000 taels (\$4,000,000) to the Republicans. President Sun Yat Sen assured the directors that he had found a man willing to provide the funds.

The transfer of the ships is a mere formality, and will not not interfere with the company's business.

## FILING FEES INVOLVED

Mandamus Proceedings Against Secretary of State of Interest to Hundreds of Corporations

DENVER, Feb. 1.—Filing fees of hundreds of Colorado corporations for the last 11 years are involved in mandamus proceedings, instituted today in the district court, directed against Secretary of State James B. Pearce. The Central Realty company of Denver obtained an order to compel Mr. Pearce to show cause why he should not accept the fees tendered by the company for the present year to allow it to transact business under a statute passed by the 1911 general assembly. Secretary Pearce refused the customary certificate, on the ground that the company should pay filing fees for several years in arrears, under a statute enacted in 1901. The statute of 1911 was remedial legislation to correct the statute of 1901. The company therefore claims that it is now necessary to pay a fee only under the latter law.

The action is brought to test the constitutionality of the filing fee laws.

## ARRAIGN ATTORNEY DARROW

Lawyer Charged With Bribery Loses First Technical Move by Court's Ruling

LOS ANGELES, Feb. 1.—Clarence S. Darrow, former chief counsel for the McNamee brothers, was arraigned before Presiding Judge Hutton of the superior court today on the two indictments charging him with jury bribing during the dynamite trial. Judge Hutton designated next Saturday as the date for the entering of pleas to both indictments.

Darrow's attorneys lost the first technical move when Judge Hutton overruled the objection of Earl Rogers to the sufficiency of today's arraignment on the ground of differences in legal opinion regarding when the transcript of grand jury evidence should be available for the defense. Darrow does not yet know what alleged facts or evidence was marshaled against him before the inquisitors who indicted him last Monday.

Rogers said that under the law, as it stood originally, Darrow would have been entitled to the transcript immediately after his arraignment, but that an amendment left a doubt whether the same rules should prevail, or whether the evidence could be withheld by the prosecution until five days before he is brought to trial. Assistant District Attorney Joseph Ford argued that the amended law clearly provided that the grand jury evidence should not be surrendered to the attorneys for a defendant until five days before trial.

Judge Hutton ruled in favor of the assistant district attorney.

Rogers stated that when Darrow is called upon to plead next Saturday demurrers will be interposed attacking the validity of the two indictments on every possible ground. This action, Rogers asserted, was not intended primarily to impede progress in the case, but merely to safeguard the rights of the accused lawyer.

## ELGIN, ILL., WOODMEN PREPARE TO SECED

ELGIN, Ill., Feb. 1.—Insurgent Elgin Woodmen served notice today on other members of Silver Leaf camp, one of the largest Woodmen lodges in Illinois, that a resolution will be offered at the regular lodge meeting, Friday night, inviting Woodmen of Illinois to send delegates to a conference in Elgin early in March for considering secession from the order.

The action follows the proposed rate increase adopted at the adjourned head camp session in Chicago last week. Elgin camp is one of the most influential in Illinois, it being represented on the last directorate. It is proposed to hold the conference here and formulate plans for a state organization to take the place of the Woodmen.

## GEORGETOWN CHINAMAN

WOULD BE COUNCILMAN

Starts Campaign in Colorado Town to Secure Election in House to House Canvass

GEORGETOWN, Colo., Feb. 3.—Leo Gow, a Chinaman, announced his candidacy for councilman here today. He filed the proper papers to secure a place on the ballot, and started his campaign with an American as campaign manager. The first step of Gow's manager was to purchase silk-top hats to complete their otherwise stylish attire, after which they started a house-to-house canvass for votes.

Gow is said to be the first foreign-born Chinaman to run for office in America. He came to this country when he was 4 years old.

## HATCHET MYSTERY FOR CHICAGO POLICE FORCE

CHICAGO, Feb. 1.—Salvatore and Pasquale Morello, young Italian fruit and vegetable vendors, were found murdered in their home on West Twenty-fifth street, tonight. An uncle, who went to visit them, reported the crime. Their faces and bodies had been mutilated with a hatchet. A man with whom the two had quarreled, is being held by the police.

## STRIKERS PLAN TO OBTAIN RELEASE OF LEADER ETTER

LAWRENCE, Mass., Feb. 1.—Plans for obtaining the release of their leader, Joseph J. Etter, who is locked up awaiting a hearing of being an accessory to murder in connection with the death of Anna Lopez, occupied most of the attention of the executive committee of the textile strikers today.

The day was one of the quietest since the strike was inaugurated.

## ROCK ISLAND ARSENAL WORKERS ARE QUIET

DAVENPORT, Ia., Feb. 1.—Despite the fact that a committee of 23 men, representing the union employees of the Rock Island arsenal last night delivered the ultimatum that they could not work under the proposed Taylor system, there was no indication of any break in the ranks this morning. All of the employees resumed their places as if nothing had happened.

The conference with Col. George W. Burr, the commandant of the arsenal resulted in no understanding. The union committeemen stated they had been instructed by their organization to say they would not work under the Taylor or any other system of shop management. They asked Colonel Burr to delay the installation of shop cards to which they object until the congressional committee investigating the subject should report to congress. Colonel Burr declined to do this.

The commandant was asked for an assurance that if the cards were installed no further steps be taken to place the arsenal under the Taylor system, to which he replied that he had no authority to make such a promise. He said the use of the cards would be begun within the next two months.

**WASHINGTON, Feb. 1.**—As a result of a conference of the Republican senators immediately after the adjournment of the senate tonight, the report of the tariff situation will be presented to the senate and to the country at large in connection with the house bill revising the iron and steel schedule.

The meeting was attended by most of the Republican members of the finance committee and also by other Republican leaders, but none of the Progressive senators attended.

The first move in carrying out the program will be a meeting of the finance committee tomorrow. The full committee will be advised of the desire of the Republicans for a general hearing on the iron and steel bill, and it is believed Democratic members of the committee will offer no objections. While no effect was made to name a time, it was generally believed the hearings would begin next week.

No effort was made to decide whether the Republicans would present a substitute for the Underwood steel bill, or content themselves with a direct effort to defeat that measure, but it is believed there will be a substitute, as the ad valorem system characterizes it as unacceptable to the Republican senators.

Senator La Follette was among the Republican members of the finance committee absent from today's meeting. He was not in his seat in the senate and as the meeting was purely informal and not confined to the committee, no surprise was manifested at his absence. Much interest is felt in his attitude on the tariff, but the Republicans have a majority of the committee without him.

**FREIGHT RATES DECISION EXPECTED BEFORE FEB. 15**

**CHICAGO, Feb. 1.**—Hearing of arguments on the merits of the proposed increase of freight rates in western classification territory effective February 15, came to an end today before Chief Examiner George H. Brown of the interstate commerce commission, and a decision is expected from the commission before that date.

Three propositions are to be decided by the commission. First, whether rates shall be increased on the 800 or more articles; second, whether a 120-day suspension of the new rates shall be granted to allow shippers and state railroad commissioners to argue in detail against the increases; third, whether Examiner Brown was correct in his hypothesis that railroads might change the rates at will, on fulfilling local requirements, and that it was for the shippers to show why they were unjust if the rates were not to become effective.

**DETECTIVE TELLS HOW HE USED A DICTAPHON**

Burns Operative Before Senate Lorimer Committee Spends Hours Reading Alleged Remarks

**WASHINGTON, Feb. 1.**—How the dictaphon was used to procure an alleged admission from Charles McGowan, the Hines-Lorimer witness, that he "perjured" himself when he swore he did not hear C. P. Wiehe tell of a Lorimer election fund, was explained to the senate Lorimer committee today by Detective G. A. Bailey, a Burns operative. Bailey took the stand after the story cross-examination of William J. Burns.

For nearly two hours, Bailey read from "notes" made from day to day of remarks that McGowan was alleged to have made to Bailey, posing as a claims adjuster of the American Bridge company. These remarks were alleged to have been made principally on a hunting trip in Canada. On one occasion, the detective said, McGowan told him he had written to Wiehe that he "had to come across." He said McGowan told him he only asked for \$5,000.

"You should have made it \$10,000," Bailey swore.

"It certainly is worth \$5,000 to perjure oneself," McGowan was quoted as replying.

Later McGowan was credited with saying he would fix "the whole Hines bunch if they did not come across."

The detective told of going with McGowan to Chicago and of McGowan's alleged attempts to get money from Wiehe. One night, McGowan was credited with saying, he spent as a guest at Hines' residence.

"When Mrs. Hines saw her husband and the coming into the house," she faintly," Bradley claimed McGowan reported, "Bailey added that McGowan said Hines told him he would be compensated by Wiehe."

"It was the sorriest day for me when I met Mr. Lorimer," Hines was alleged to have been quoted as saying.

On October 28, Bailey said McGowan left a note for him that everything was "O. K." and that he had left for home.

The dictaphon was placed in a hotel room, registered for McGowan.

"At Columbus, O., I worked it under a sofa," explained Bailey. "Here we put the discs on a table with a cover over it. McGowan probably will recall there was a cover on the table."

McGowan remained silent in the presence of H. E. Kerr, a "brass expert" of Detroit, Mich., and with Jimmy Sheridan on the dictaphon in an adjoining room, Bailey swore McGowan said he got \$15,000 from Wiehe the day he left Chicago.

Bailey quoted McGowan as saying that Wiehe wanted to give him only \$200 or \$300, but McGowan told him he deserved more than his expenses for having perjured himself.

Students at Naval Academy, Discouraged by Showing in Examinations, Disobey Orders

**ANNAPOLIS, Md., Feb. 1.**—Students who were disgraced by their showing in the semiannual examinations just ended, and a number of midshipmen at the naval academy indulged in a wild "carnegie" party over the walls and into Annapolis, tonight. There was a general "formation," after which cadet officers and Lieutenants Buchanan and Lowman, aided by the force of watchmen who police the yard, were sent out to picket the big government enclosure.

Up to 10:30 o'clock, seven youths had been apprehended as they tried to creep back to their dormitories, and were marched to the disciplinary department, under arrest.

It was the intention of the authorities to see that Heliodorus proceeded to the monastery to which he was assigned, and now that he has disappeared the police have offered a reward for his capture.

**What the Internal Bath Is Doing for Humanity**

Under our present mode of living, the large intestine (or colon) cannot get rid of all the waste that it accumulates—so it clogs up, and then biliousness, constipation is the result, and that lack of desire to do, to work, to think.

This waste in the colon, as we all know, is extremely poisonous, and if neglected, the blood takes up the poisons and brings on countless very serious diseases—appendicitis is directly caused by waste in the colon.

If the colon is kept clean and pure you will always feel bright and capable—never blue and nervous—always up to "concert pitch."

There is just one internal bath which will keep the colon as sweet and clean as nature demands it to be for perfect health—that is, the J. B. L. Cascade.

Many thousands are using it, and doctors prescribing it with great success all over the world. It is now being shown and explained by Max Kahn, state agent, 27 Independence building, this city, phone Main 947.

**CUTTLEFISH BONE**

From the New York Sun.

Cuttlefish bone is familiar to most people as it is seen thrust between the bars of a bird cage for birds to peck at; birds, clean their beaks on it and they like to eat it. But cuttlefish bone has other and more interesting uses.

The cuttlefish bone of commerce is imported from Trieste and from Marseilles. It is the bony body found within the back of the cuttlefish, a cephalopod of European waters, which is of the same group as the octopus. This bone is composed of numerous fine layers closely connected, making a porous mass that is lighter than water and when dry is white. It is something like a stale corn seed in shape, though thicker, and it may be from two to 10 inches in length.

In a little pouch within its body the cuttlefish secretes a blackish brown liquor which it times it expels to

darken the surrounding water for its own protection. The material within this pouch, when dried, is used in making soap colors and in the manufacture of India ink. Around the shores of the Mediterranean the flesh of the cuttlefish is eaten, as it is in various other parts of the world.

Cuttlefish bone is not a great article of commerce in dollars and cents, and yet it is imported in large quantities. It comes in boxes containing from 20 to 25 pounds each, with four boxes secured together, such a package being called a "gross." Thousands of such boxes are imported yearly.

The bone is used in the manufacture of tooth powder, and of polishing powder and in the making of a very pure food for birds, but perhaps the most interesting of its uses is in the making of molds in which to cast gold rings.

Some gold rings are cast in tiny flasks containing molds of fine sand; others are stamped out with a die. Wedding rings are made from a drawn tube of gold in which the rounded outer shape of the ring is produced on a mandrel, the several sections thus formed being then sawed off even when finished and polished to form a perfect ring. But of the vast number of solid gold rings produced by manufacturing jewelers, including rings to be mounted with stones, 75 per cent are cast in cuttlefish bone molds.

**CHINESE TEA CONFISCATED BY GOVERNMENT RELEASED**

SAN FRANCISCO, Feb. 1.—Sixty thousand pounds of Chinese green tea, seized by customs officials here December 12, on orders from Washington, was released today by Frederick S. Stratton, collector of the port. While the tea had been confiscated, it was found to conform to the pure food law, and was released for that reason. It was consigned to wholesale merchants in St. Louis, Chicago and New York.

**TWO WISCONSIN WOMEN RECEIVE \$10,000 EACH**

LONG BEACH, Wis., Feb. 1.—Two Long Beach women, Marie Shipley and Edith Layton, are beneficiaries in an amount of \$10,000 each under the will of the late William Layton, a Sacramento, Cal., capitalist, who died recently. He left about \$1,000,000 in a large portion going to charity.

# YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time? Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable ingredients for restoring itching scalp and curing that weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair. Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special agent, the Colorado Springs Drug Co., 101 & Tejon St.

## PROPOSALS BY WHOLESALE

Large Number of "Truly Western Girls" Are Anxious to Become "Mrs." Col. E. R. H. Green

SAN FRANCISCO, Feb. 1.—His first day in San Francisco, Col. Edward H. Green, son of Mrs. Hattie Green, said to be the world's richest woman, nine proposals of marriage.

"They must have seen my ad" in the papers," the colonel told reporters who called on him today to learn what his "matrimonial stories" printed in the morning had developed.

He laughingly pointed to one of the "ads." "Colonel Green, heir to \$100,000,000, railroad president, cowpuncher, bachelor and 43."

"My!" he exclaimed, "that must look awfully good to a lot of aspiring young women."

Colonel Green refused to make public the names of any of the ambitious housekeepers. All the letters, he said, were serious in tone and each writer declared she was a "really, truly western girl," the kind he had declared in a New York statement that he preferred—not the "clotheshorse" of New York, the "reluctant-cultured woman."

## Cattle in Southwest Have Bovine Spinal Meningitis

KANSAS CITY, Feb. 1.—An epidemic, contemporary with and similar to the spinal meningitis scourge which has caused great agitation in Missouri, Kansas, Oklahoma and Texas during the last three months has attacked the cattle of the southwest, according to Dr. J. C. Humphreys of Laredo, Mo., who addressed the annual convention of the Missouri Valley Veterinary association here today.

"The mysterious malady is known to the stock raisers as the 'cornstalk disease,' but, according to veterinarians is more often than a bovine cerebro-spinal meningitis."

Eating of improper food especially the smut upon corn is the chief cause of the disease, according to the speaker. He urged closer attention to pure food laws for 1912, as a preventative.

Others scheduled to address the convention today were Dr. J. L. Gibson, Lincoln, Neb.; Dr. S. E. Sheldon, Columbia, Mo.; and Dr. J. T. Strouder, Manhattan, Kan. The convention will close tonight with a banquet.

## Aviator Scout Hit by Enemies' Bullets

TRIUMPH, Feb. 1.—While throwing bombs from an aeroplane into an Arab encampment near Tripoli, in Cyrenaica, Captain Monte, an Italian military aviator, was severely wounded today.

The outpost at Tripoli, which was occupied by the Italian expeditionary army in October, have been subjected recently to a number of harassing attacks by the Arabs whose position and strength were not known to the Italian commander. Captain Monte made a flight with another military man who acted as observer and discovered the Arab encampment.

Monte threw several bombs among the Arabs who responded with rifle fire.

The aeroplane was struck four times by the Arab bullets, one of which hit Captain Monte, wounding him severely. He was, however, able to return to camp with the assistance of his companion and both landed safely, bringing valuable information.

## California Society Women to Frolic on Ocean Floor

LOS ANGELES, Feb. 1.—Society women of Los Angeles, San Francisco and Pasadena are planning a submarine frolic to be held on the bottom of the ocean off California, probably in March.

Walter Twiss, a local artist, is arranging the details and according to him the guests are to be attired in diving suits, each provided with oxygen tanks of 100 pounds.

California island has been chosen for the unique affair because of the extraordinary clearness of the water and the remarkable marine gardens at the bottom of the sea.

## WIFE ASKS A DIVORCE; BLAMES LADY BARBERS

CHICAGO, Feb. 1.—The much talked-about divorce case between Mrs. Alvin H. Arnold and her husband, a wealthy manufacturer, was started today.

Arnold was in the chair of his favorite lady barber being massaged when he was served with the divorce papers, which had been drawn up by Mrs. Arnold's counsel.

Several women barbers were mentioned in the suit, among them being Mrs. Daisy Arnold, who it was averred had been given a "tip" of \$800 to buy a divorce for her own, and a "tip" of \$500 to have been given a European trip by Arnold.

Suit was started once before by Mrs. Arnold on the same ground, but a reconciliation was effected when Arnold purchased a safety razor and promised to shave himself.

## THREATENING DEMAND FOR MONEY TO J. P. MORGAN, JR.

NEW YORK, Feb. 1.—A squad of detectives waited in vain last night in Central park to catch the writer of a threatening letter sent to J. P. Morgan, Jr., demanding that \$100,000 be deposited at a certain spot on the east drive or something serious would happen.

It is understood that the letter contained the statement that the writer had lost his money in Wall street and that he "considered it up to Mr. Morgan to make restitution."

At police headquarters it was said today that the letter sent to Mr. Morgan instructed him to have a box in which \$100,000 was placed, put in Central park near the clockhouse. Four detectives last night placed a box there similar to the one described in the letter and waited five hours in vain for someone to take it away.

## AGED MAN, WHO FASTED 60 DAYS, CHEERS MRS. HAZZARD

SEATTLE, Wash., Feb. 1.—Mrs. Lina Burrfield Hazzard, defendant in the celebrated murder trial at Port Orchard, was in good spirits today over a letter which she received from Dr. H. S. Tanner, who with fame in 1880 by fasting 60 days, and who, at the age of 84, is living in Los Angeles.

"I am ready to respond to your call to appear in Port Orchard to assist you on receipt of orders to do so," Dr. Tanner wrote.

"Keep up your courage. I think I can puncture the gas bag of this expert which has come out. You know, I did this in 1880. I am aching for an opportunity to again hold up the medical fraternity to the dereliction of the world."

The state today began the introduction of rebuttal testimony.

## ALASKA BANKER INDICTED

FAIRBANKS, Alaska, Feb. 1.—Seventeen indictments were returned yesterday against Frank C. Hawkins, who is charged as cashier and vice president of the Washington Alaska bank, which failed here a year ago, with having converted funds and securities of the bank to the use and benefit of persons not entitled to them. Hawkins is at liberty on \$25,000 bonds.

Several secret indictments were returned by the grand jury, which investigated the failure of the bank. The fact that no arrests have been made here leads to the belief that these indictments may include members of the state.

## WANTS HOUSE ON RECORD AS OPPOSING THIRD TERM

WASHINGTON, Feb. 1.—The "third term" question came up in congress today, when Representative Slayden, a democrat of Texas, proposed a resolution declaring it to be the sense of the house that any departure from the custom of two terms "would be unwise, unpatriotic and fraught with peril to free institutions."

A similar resolution was passed by the house in 1874, when Gen. U. S. Grant was talked of for a third term. Representative Slayden announced that he has prepared another resolution for constitutional amendment providing that a president may serve only one term.

## For the Children

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Trial Package Sent Free. Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep

well take Stuart's Tablets after every meal to insure perfect digestion, and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. C. H. Cransley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy, and she has only to say 'tablets' and she drops everything else and runs for them."

Mr. Buffalo, mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she wrote to the notary public of Erie Co., N. Y., and made the following affidavit:

"I, the undersigned, Stuart's Dyspepsia Tablets were recommended to me for my two-month-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the three sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel just now in saying that Stuart's Dyspepsia Tablets saved my child's life."

MRS. W. T. BETHLOPE, Subscribed and sworn to before me this 12th day of April, 1912.

HENRY KARIS, Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles, whether in adults or infants.

A trial package will be sent if you will write, E. A. Stuart Co., 130 Stuart Bldg., Marshall, Mich.

## Mrs. Rebecca Dennis Is Given a Divorce

Mrs. Rebecca M. Dennis was given a divorce from Dr. A. A. Dennis by a jury in the district court last night. The case was heard before Judge W. S. Morris. Another hearing will be held this morning at 9 o'clock on the question of alimony, unless the matter can be settled out of court.

Dr. Dennis did not offer any witnesses at yesterday's hearing, but it is announced by one of his attorneys, J. A. Strickland, that he will contest the alimony feature if the case is taken into court. Mrs. Dennis asks \$150 a month temporary alimony and \$5,000 permanent alimony.

The case is one which has attracted attention due to the prominence of the principals and the sensational charges. Dr. Dennis filed suit in the county court first and then Mrs. Dennis brought suit in the district court. Dr. Dennis is a well-known dentist. The couple were married here October 10, 1901.

Miss Alice Woods, a dressmaker and office with apartments at the Plaza hotel, figured in the hearing. Letters from Dr. Dennis to Mrs. Dennis, while he was on the Pacific coast, were read in court and introduced as evidence.

## Rev. A. A. Tanner Speaker During College Vespers

The Rev. Allen A. Tanner, pastor of the First Congregational church, Denver, will be the officiating clergyman at the Colorado college vesper services in Perkins hall next Sunday afternoon at 5 o'clock.

The Rev. Mr. Tanner is one of the foremost men in the Congregational church in Colorado, and is widely known as a speaker of clearness and force. He is interested especially in the social side of Christianity, and is in a great degree, a man's preacher. Several years ago he gave up his charge as pastor and went into the factories, where he worked as a common laborer in order to learn at first hand the conditions as the laborer meets them. Mr. Tanner's sympathy lies with the working man, and his sermons usually appeal to that class.

## SCHOOL NOTES

Miss Virginia Chamber, who had a leave of absence from the public schools for the first semester, has again taken up her duties as principal of Miller school. Miss Wida Kindig acted as substitute during Miss Chamber's absence.

Miss Ruth Benton has been appointed a regular substitute in the schools.

The members of the Jr. O. U. A. M. have asked the school children to cooperate with them in an entertainment to be given in Temple theater the evening of February 22. This entertainment is an annual affair of the order, and is its premier social event. These taking part in the program will be under the supervision of Miss Evelyn Lewis, instructor of expression in the High school.

## PEARSON SOCIETY TO GIVE ENGLISH COMEDY

The Pearson Literary society of Colorado college will present "Gammer Gurton's Needle," the first English comedy, the evening of March 2. Arrangements are being made for a performance in Pueblo under the auspices of the Centennial High school.

## "SOUTH AFRICA" LECTURE—The Rev. G. Clifford Cross of Colorado City will give an illustrated lecture on "South Africa" at the First Baptist church tonight. The lecture will be beautifully illustrated with 100 colored slides. The Rev. Mr. Cross spent many weeks in Africa during the war and his story is interesting and instructive.

## PROMINENT LECTURERS FOR SUMMER SCHOOL

Prof. George M. Howe, of Colorado college, yesterday received a letter from the American Institute of Archaeology stating that the society would cooperate with the college in the summer school here next summer. The institute agrees to give three series of lectures on American and Greek archaeology and Greek architecture during a period of four weeks. The lectures are as follows:

Dr. Edgar L. Hewitt, "Archaeology of Central America." Eight lectures, two conferences.

John P. Harrington of the School of American Archaeology. "The Indians of the Southwest." Eight lectures, two conferences.

Prof. Harry L. Wilson of Johns Hopkins university. "Roman Archaeology." Sixteen lectures, one conference.

Prof. Harry Mitchell Carroll, "Greek Archaeology and Art." Sixteen lectures and four conferences.

In addition to these the following will offer courses:

Dr. Bretholme, courses in psychology and education.

Prof. Homer Woodbridge and Prof. Morton, courses in English literature.

Prof. H. M. Woodbridge, courses in French.

Professor Albright, courses in mathematics.

Professor Rushlee, courses in economics.

Prof. George A. Howe, "History of the German Drama."

## FRENCH CLUB PLAY TO BE GIVEN MARCH 16

The French club of Colorado college will give its annual production on March 16, the plays which have been decided upon being "Les Prestreurs," "L'Amour et la Mort," and "Mon Frere."

The comedy of Moliere will be given with the costumes and stage setting of the Seventeenth century.

A competent teacher will be secured to drill the cast and the pronunciation of the lines will be supervised by Professors Hills and Woodbridge.

## CUTICURA OINTMENT HEALED BAD SORE

Scraped Flesh Off Bone Below Knee. Suffered So She Couldn't Sleep. Also Says: "I Believe Cuticura Soap is the Best Soap Made."

—805 Lafayette St., Wichita, Kan.—"Some time ago I was coming up some steps when the board I was on broke under my feet, and my right limb was scraped through the knee, and scraped the flesh off the bone just inside and below the knee. I applied Cuticura Ointment, and in a day or two the pain began to hurt me pretty badly. I put balsam on to draw out the poison, but when I had used it all I was so badly that I changed to Cuticura Ointment. That made it smart and burn so badly that I could not use it any more, and that was the fourth week after I was hurt.

When I began to use Cuticura Ointment for the sore, it stopped hurting immediately and began healing right away. It was a bad-looking sore before Cuticura Ointment healed it, and I suffered so I couldn't sleep from two days after I fell over. I began using Cuticura Ointment.

Cuticura Soap is the best soap I ever saw. I have used all kinds of soap for washing my face, and always it would leave my face smarting. I had to keep a lotion for a long time, no matter how expensive a soap I used. I find at last in Cuticura Soap a soap that will clean my face and leave no smarting, and I do not have to use any lotion or anything else to ease it. I believe Cuticura Soap is the best soap made." (Signed) Mrs. M. E. Fairchild, May 2, 1911.

Cuticura Soap (2c.) and Cuticura Ointment (30c.) are sold by dr. A. & S. and dealers everywhere. A single set is often sufficient. Liberal sample of each mailed free with 22-c. book on skin and scalp troubles—Address, "Cuticura," Dept. T, Boston. Tender-faced men should use Cuticura Shaving Stick.

## SEVERAL ARRESTS MAY FOLLOW COCAINE TRIAL

While the jury in the case against J. P. Tanner, charged with the illegal sale of cocaine, was unable to reach an agreement in the district court, yesterday, and was discharged, the trial may result in the prosecution of a number of persons on forgery charges.

The district attorney's office believes that the names of several well-known Colorado Springs physicians have been signed to prescriptions calling for cocaine. Many of these alleged prescriptions have been "filled," according to those making the investigations. Although drug stores are required by law to keep a record of cocaine sold, it is claimed that one store has disposed of almost 1,000 times as much of the drug as its records show.

During the Tanner trial, Dr. S. E. Griffin was called to testify whether his signature on a cocaine prescription was genuine or a forgery. Dr. Griffin's reply was not admitted into the records, but he declares that his name is never loaned to anyone, and that the name of Dr. P. H. Perkins, as well as those of other physicians, have been forged to prescriptions. It is alleged by the district attorney's office that the books of wholesale houses in Denver, which are also required by law to keep a record of cocaine sales, show that much more of the drug had been sold to the Martin Drug company than the latter's books account for. Reigner was formerly employed at the P. H. Martin store.

## U. S. MARINES WANTED; HAWAII DESTINATION?

The government is badly in need for marines to man warships, and it is reported that these sailors are wanted for the Hawaiian islands to offset the supposed presence there of 35,000 Japanese soldiers thought to have been secretly landed.

The marine recruiting stations have been opened in various parts of the state in the last two weeks, and another one will be opened in Colorado Springs in a few days.

It is said by federal officers that the present activity on the part of the government is nothing unusual, and that while orders have been received from Washington to secure more enlistments, it has nothing to do with the reported trouble in the Sandwich islands. Notwithstanding, as fast as the recruits are enlisted they are sent to Port Logan, where they are given brief but fairly thorough drill, and then are sent in companies of 50 to the Pacific coast.

That the Japanese in this country are well informed with regard to United States arms and army movements is stated. It is said that the Colorado Japanese association was formed for the sole purpose of keeping in touch with conditions here.

## Societies and Clubs

There will be a special communication of the El Paso lodge, No. 13, A. F. & A. M., this evening at 7:30 o'clock. Work in the entered apprentice degree.

The Hillside Improvement league will meet this evening at 7:30 o'clock in the Helen Hunt school building. There will be election of officers and the question of guttering certain streets will be discussed.

A regular meeting of Kilt Carson circle, No. 2, will be held this afternoon in G. A. R. hall.

Section 1 of the First Christian church will meet with Mrs. H. C. Bowser this afternoon at 2:30 o'clock. All women of the church are requested to be present and bring their thimbles.

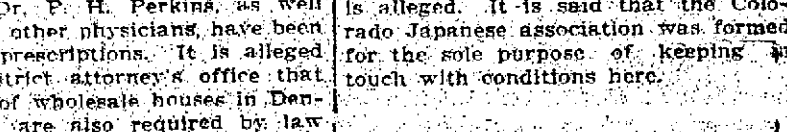

Mrs. Holderman's section of the First Baptist church will meet with Mrs. Bryant, 510 North Weber street, this afternoon at 2:30 o'clock.

Judge John B. Little will address a Socialist meeting Sunday evening at Carpenters hall on the "Juvenile Courts." All are invited to attend.

The Woman's Literary club will meet at the Alamo hotel tomorrow instead of with Mrs. J. H. Franklin, as stated in the calendar.

A special meeting of the Frances Willard W. C. T. U. will be held this evening in the United Presbyterian church, corner of Nevada avenue and Horsetown street. S. C. Hart, the superintendent of temperance and labor, will have charge of the meeting. A good program of special music has been prepared. Mrs. Carrie Gledhill, state superintendent of the department, will speak. Mrs. Lillian Kerr will give an address on the "Local Situation of Temperance and Labor," and Mrs. Carrie S. Boyd on "Lines Pertaining to State and Nation." An invitation is extended to all labor and W. C. T. U. organizations in the city.

One of the striking exhibits at the Kansas City land show to be held February 26 to March 8, will be that of the George H. Paul Orchard company of this city and Pueblo. The firm has contracted for 800 square feet of space at the entrance of the convention hall, and this will be laid out in the form of an orchard with full grown apple trees in foliage and blossom. An automatic contrivance will force apple blossoms perfume from the blossoms, and a clock will ring when the trees are in bloom.

**SUNDAY CLOSING LAW IS FILED WITH CITY CLERK**

An ordinance with liberal terms was presented to City Clerk Charles Chapman yesterday by local merchants anxious to establish a city law governing Sunday business. It will come up for action at today's meeting of the city council.

The proposed ordinance does not border on the "Sunday blue laws" in force in a number of other cities. Instead, it is the desire of those back of the measure to have a law regulating concerns which, as a signer said, "have no business to be open on Sunday."

If there are any merchants of the city who do not observe the first day of the week as the Sabbath, then they are exempt from prosecution, according to the document, although this would leave a loophole for all violators. It is pointed out. The proposed ordinance does not seek to close down the drug stores, news stands, garages, cigar stands and confectionery stores Sunday, claiming that they come in under the head of "places where necessities are kept." A portion of the proposed ordinance reads:

"It shall be unlawful for any individual, firm or corporation to keep open any store or shop on Sunday for the sale of merchandise or to work on the first day of the week, commonly called Sunday. Places where necessary and charitable goods are kept are exempt."

A fine of \$100 for each violation of the ordinance is provided.

**TRADES COUNCIL HOLDS AN IMPORTANT SESSION**

Members of the Federated Trades council are practically united in favor of senate bill No. 1161 and house bill No. 5976, according to a vote taken at last night's meeting in Carpenter's hall.

The bill provides for the restoration to federal civil service employees their inherent rights as citizens to petition congress for a redress of grievances, to a hearing before removal and the right to organize without interference by department officials.

"These rights have been abrogated by executive orders or denied by departmental officials," the resolution reads.

Another resolution was passed by the council commending the county officials for their proposed action in hiring local men instead of convicts to repair and build the Canon City road. The ordinance to be introduced at today's session of the city council regarding Sunday closing was endorsed.

The Boot and Shoe Workers union was thoroughly organized at last night's meeting. E. M. Cohen is the president, J. C. Peterson, vice president, P. L. Goode, recording secretary, and Daniel Higgins, treasurer. The organization of a union of mine workers at Austin Bluffs was also reported.

The water mains of London aggregate 6,000 miles—twice the width of the Atlantic ocean.

most novel at Kansas City, but it will have one of the biggest displays of Colorado fruits and produce at a show of this kind, according to a representative of the company yesterday.

Illustrated lectures will be given twice each day in the lecture room of the hall, showing the apple industry of Colorado and how Captain Rockey followed of Canon City produced \$200,000 worth of apples from a 15-acre tract.

A motion picture exhibition showing the life of the Indians in the Garden of the Gods, the famous driver in the Pike's Peak region, the work of picking and packing apples in Colorado will be a part of the lectures. Two hundred and fifty boxes of Colorado apples will be given away during the show, and 20 dozen bunches of Colorado celery will be distributed every day.

**CONVENTION COMMITTEE OFF TO DENVER SUNDAY**

A special committee, backed by a number of city boosters, will leave Colorado Springs Sunday afternoon to capture the May meeting of the state Democratic central committee. The party leaders will meet in Denver Monday afternoon to name the place and time for the holding of the meeting.

Mayor H. E. Avery yesterday named the members of the committee to go to Denver. The list includes: H. H. Selmdridge, Mark A. Skinner, Henry C. Cassiday, W. T. Christopher, H. L. Bishop, M. W. Purcell and A. J. Lawton. The committee meets at the Chamber of Commerce this afternoon at 5 o'clock to organize, elect a chairman and outline plans.

With this committee from 35 to 50 business men are expected to make the trip to confer with the Democratic leaders of the state regarding the May meeting. It secured, the state convention will bring about 1,100 delegates to this city from all parts of the state. The conference will last two or three days and possibly a week. While Pueblo and Grand Junction are out after the convention, Colorado Springs is the popular choice. The state convention will name the delegates to the national convention in Baltimore. Another state meeting to name candidates for state offices will be held later in the year.

**More Winter Weather If Ground Hog Sees Shadow**

Will there be six weeks more of winter weather or is spring near at hand? It all depends upon the ground hog according to legendary history, which is supposed to crawl out of his hole and take a look at the world today. If he sees his shadow, there will be six weeks more of winter, but if the sun fails to shine, it will mean a cessation of winter in the near future.

**TANGLE OVER 136-ACRE TRACT ON PIKES PEAK**

An investigation by H. C. Hall has brought up the question whether 136 acres of land on Pikes Peak, and which is wanted by the city, belongs to the government or to the state. The tract does not appear on the government plats of the Pikes Peak military reserve.

The state formerly claimed the land, but relinquished title in 1886, when the property, owned by the state for school purposes, was exchanged for other government land. When the new maps were made the tract was not included in the description.

Mayor Avery has taken the matter up with the state land board, and it is possible that the state will assume title. The land is near the timber line, and of little value except for the purpose outlined by the city, that of protecting the water system from contamination.

The executive committee of 14 of the men and religion movement met at the Y. M. C. A. yesterday, to prepare for the work here and to further the plans for the convention to be held in this city, March 26 and 27.

Reports of the committees on boys' work, social service and evangelism were given by Dr. W. W. Florin, Prof. George M. Heave and E. B. Simmons, respectively. S. H. Atwater was elected chairman of the Bible study committee, and Robert Crosby of the missions committee. There are five sections of the main committee at work in this city, where the organization is a branch of the world movement. C. E. Perry was appointed head of the committee on publicity.

An effort is being made to secure a number of the prominent speakers who will attend the Denver convention, March 22-26, for a series of meetings here the week following.

**SMALL PRECIPITATION RECORDED IN JANUARY**

The only remarkable feature of the weather for the month of January was the lack of precipitation; there being only .02 of an inch while the mean precipitation for January for the last 33 years was .17 of an inch, according to records of the Colorado college weather bureau. There were 16 to

The minimum temperature for any January was 32 degrees below zero, in 1886, and the maximum was 72 degrees in 1896. The mean wind velocity for January was 3.4 miles per hour, and the total wind movement was 5,317 miles. On January 7 the greatest daily range of temperature was noticed, 55 degrees being recorded that day.

## WRESTLING BOUTS ARE INTERESTING

**By IRVIN BRUCE**  
Tommy Ryan, physical culture instructor, defeated Frank Mirise, the packing house girl, in two straight falls, last night, in Ryan's studio in 10th street. He took the first fall with a head and scissors hold, in 2:45 minutes. The second went to him by a half nelson, in 3:13 minutes. Ryan had agreed to throw Mirise in 40 minutes of actual wrestling. Mirise had the advantage of 38 pounds over Ryan. The bout showed that the amateur has little chance with the professional, when it comes to the wrestling game. Mirise showed great strength, but lacked the experience, not being able to use his muscles to good advantage. Time after time, Ryan worked himself into dangerous positions, only to show the crowd how easy it was for him to break the hold which Mirise had obtained. An interesting feature of the exhibition was the preliminaries between Young Woods and Kid Spooner. Woods won two straight falls, the first in 14:05 minutes, by a body and scissors hold, and the second in 8:23 minutes, by an arm and bar lock. This bout was fast and furious all the way through, and the clever work of the two contestants brought the crowd to its feet time after time. Jimmy Mack defeated Kid Michael in two straight falls, winning the first in 16 minutes, with a half nelson, and the second, in 7:42 minutes, with a leg and scissors hold. This bout was the fastest of the three. Michael showed by his clever work that he is a comer. The bouts were refereed by E. B. McReynolds, one of the ardent wrestling fans of the city.

## JIM CORBETT AND DELANEY FRIENDLY

**By J. ED GRILLO.**  
WASHINGTON, Feb. 1.—It has been generally supposed that Jim Corbett and Bill Delaney were not on good terms during the past few years, but, according to Corbett, this was a mistaken impression. In a statement which follows, Corbett tells Delaney's side of the story. "I have never had a quarrel with Delaney," he says. "We have been friends for more than a quarter of a century. We joined in boxing together, and we have carried out in different directions. Later on we found ourselves arrayed on opposite sides, but it was purely for business reasons, and never lessened our mutual regard. To try to elaborate on Bill Delaney's skill and attainments in his capacity of discoverer, developer and trainer of champions would be superfluous. Every follower of boxing knows Delaney's history. He brought out the very best that was in a man, and no one could do more. Delaney's death is a big loss to the game, and is deplored by lovers of pugilism the world over. An honor and a credit to the sport, a loyal and devoted friend, it was characteristic of the man to choose to remain in the background rather than publicly share in the applause and approval showered upon those in whose success and achievements he played such important parts."

## SIX BASKETBALL GAMES SCHEDULED TOMORROW

A regular basketball fest is promised at the Y. M. C. A. gymnasium tomorrow, when six games will be played. In the afternoon the High School Terriers meet the strong North Denver High school team in a championship match. Beginning at 7 o'clock in the evening a series of four games will be played by teams in the Grammar school league. The Y. Reds and Colorado City High school five tangle at 8:30 o'clock. The Terriers expect to put up a much better game tomorrow than they did last Saturday night when they were defeated by Pueblo Centennial. The defensive work of the team appears to be better and Coach Erps is paying special attention to holding passes. Interest in the evening games centers on the Red-C. C. contest, it being generally conceded that the former will win by a comfortable margin. Early in the season the Reds whipped the Terriers who later beat Colorado City. The Reds team is composed of the following, all experienced players: Young, center; Wood, Dickey and George St. John, forwards; Peley and Wilson, guards.

## "BIG JOE" WITHEROW IS NOW MAN OF BUSINESS

**"BIG JOE" WITHEROW,  
Who Closed His Colorado College Career Yesterday.**  
Colorado college students have only the memory of his personality and achievements on the field to remind them of "Big Joe" Witherow. The athlete, who for the last two years has been the unanimous selection as center on All-Conference and All-College football teams, left yesterday for Longmont, where he will engage in business. While it was rumored, some time ago, that Witherow would desert the Tiger ranks some time this year, it was only a few days ago that the fact became settled. Yesterday a telegram came from his father, a wealthy farmer near Longmont, saying that he had purchased and turned over to Joe a half interest in a drug store in Longmont. "Big Joe" had been expecting the summons, and made immediate preparations to leave. He went yesterday noon. Witherow will never re-enter Colorado college, although it is thought likely that he will take a special course in pharmacy at some other institution, probably the University of Illinois. Before leaving, the students had a chance to show their appreciation for what Witherow had done for college athletics. Herbert Sinton, president, tendered him a vote of thanks in behalf of the student body. A large college pennant was presented him, and yesterday noon members of the Alpha Tau Delta fraternity, of which Witherow is a member, gave him a big dinner. A large number of students accompanied him to the railroad station.

## ONE MANAGER LEIS COBB GO; ANOTHER ASKS \$50 FOR HIM

**DETROIT, Mich., Feb. 1.** Talk about casting pearls before swine! Think of a baseball manager who would release Ty Cobb after two days' trial as not fast enough for the select company of the South Atlantic league. Sounds incredible, doesn't it, after looking over some of the recent performances of the diamond's most conspicuous figure? Let it happen, according to no less well informed a person than The Peach himself, who certainly ought to know. Many of the fans who have admired the Georgia boy since his advent as a big leaguer will be surprised to hear that his early efforts to break into the professional ranks were by no means crowned with instantaneous success. On the contrary, Ty had his struggles and disappointments, just like many of the lesser lights, and several times baseball came near losing him altogether. Among the unpleasant things connected with his early career were the release mentioned above and being peddled for \$30 because he wanted the princely salary of \$125 a month to play for a southern club. On top of all this, Ty had to overcome the strenuous objections of his father to his adopting baseball as a means of livelihood. Eventually, the senior Cobb became an enthusiast on the game, but at first he frowned on it as something fit only for frivolous persons and beneath the dignity of a southern gentleman. "Con" Struthers, the former Detroit first baseman, who was manager of the Augusta club of the South Atlantic league, in the spring of 1904, was the man who didn't think enough of me as a ball player to hold me any longer than two days of the championship season," said Ty, in telling of his early baseball career. "In view of the fact that he has been trying to claim credit for developing me, now that I have achieved some success, what really happened when I was with his club is interesting. I reported to Augusta in the spring of 1904, and, after working hard through the spring training period, was lucky enough to get into the opening game through the absence of one of the regulars for some reason or other. The absence was an infielder, and one of the regular outfielders was shifted to his position, so I got my chance to play in the meadows. I made a home-run and a double in the first game, and came back with a single and a couple of sacrifice hits the next afternoon. "By that time I figured that I had shown enough to earn a place on the club; but, to my surprise and chagrin, Struthers informed me that evening that I had been released unconditionally. I was pretty mad and pretty discouraged, and I called my father on the long-distance telephone to ask his advice about an offer to go to Anniston, Ala., for the munificent salary of \$65 a month, which was \$25 less than I had signed for in Augusta. "My father had begun to take an interest in the game by this time, and, as I had been given a couple of boosts in the Augusta papers, he told me to try it again over in the Tennessee-Alabama town, where I had an offer. I took his advice and reported to Anniston. I did well in the smaller town and had an average of about .400 when Augusta took me back. Struthers, by this time, had got into trouble and had been forced to resign as manager, otherwise I wouldn't have gone back to the club, for I vowed never to work for him again. "I finished out the season for Augusta and had an average of .338 for 38 games, an attack of malaria handicapping me very much. The next spring I held out for \$125 a month, \$25 more than I had been getting. As the Augusta people weren't going any too well, and I hadn't shown them so very much, they refused to give me this much money at first, and offered to sell me for \$50. The Charleston club was considering this offer when some of the Augusta stockholders, who had a hunch that I might develop, came to my rescue and got the desired salary. "Things didn't go so very well for me that spring of 1905, either. Andy Roth, who was manager of the club, tried to curb me whenever I tried to take chances on the bases, and I was criticised so much every time I did anything, or attempted to do anything out of the ordinary, that I got discouraged and was just drifting along. Then George Ledy, who was playing center field on the club, began to manifest an interest in my welfare, and from that time I started to improve. "I regard Ledy as one of the best friends I ever had in baseball, and it is due in part to his interest and kindness that I came to the big league. Ledy used to take me to places of amusement and to picture to me the pleasant life of the big leaguers and their position in the community. He gave me lots of good advice and helped me greatly in my work. Also, he aroused my ambition to become a big leaguer and see for myself all the fine hotels and things that he had painted for me. "George finally became manager of the club, and when he took hold I con-

## "HAM" HYATT SENDS IN HIS CONTRACT

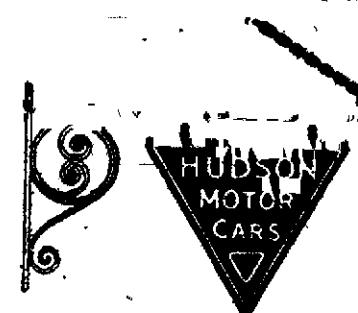

**PITTSBURG, Pa., Feb. 1.**—Hamilton J. Hyatt, king of pinch hitters, has sent his signed contract to President Dreyfus. The document was mailed January 22, but only arrived today, requiring eight days to make the long journey from Shelton, Wash., where "Ham" spends the winter. Accompanying the contract was a letter, in which the hard hitter said he was delighted to get another chance with the Buccaneers, and expressed confidence in his ability to stick in a last company this time. He added that he was, in the best possible physical condition, having spent the winter in a northern logging camp and having been outdoors practically all the time. The Pirates will be asked to toe the scratch again on the temperance question. While there is no total abstinence order in the National league contracts, the Pittsburgh club last season required each of its players to declare himself on the club's "condition code," a printed copy of which was furnished each man before the season opened. President Dreyfus said tonight that the same thing will be done this year. "I think total abstinence was a grand thing for our club last year," said he, "and I see no reason for changing our policy. It is a common sense measure, to which no player who has his own good and the best interests of the club at heart can possibly object."

continued to improve. Finally, the Tigers bought me, and in the latter part of the season I reported here. Ledy told me a lot of things that proved useful to me in the American league, and his advice has been of great assistance to me on more than one occasion. I didn't get any brass band and red fire reception from the Detroit players, and fans when I arrived here, but I suppose that I fared as well as any 19-year-old kid could expect to fare when he tried to break into fast company. Manager Armour appeared to take a friendly interest in my progress, and he helped me a lot. "From the day of Jennings' appointment as the Tigers' manager I have been treated with the utmost consideration and allowed to seek out my own salvation in my own way. My experience ought to encourage young players to avoid becoming downhearted over hard knocks. If a man will just stick to it, if he has any merit, he will win recognition."

## CRUEL FATE FOLLOWS FIGHTERS' FOOTSTEPS

**By JAMES J. CORBETT.**  
CHICAGO, Feb. 1.—Cruel fate still continues in hot pursuit of the star lightweights. First it was the American champion Al Volgaist who was stricken on the eve of battle and rushed to the operating table. Then came the cabled news that Matt Wells, England's star, was suffering from an aggravated attack of erysipelas on top of this the fall from McFarland's headquarters that the reason for Packey's disappointing showing with Tommy Murphy was due to a wound from Cupid's dart. And now Freddy Welsh just as he is about to appear in the same identical ring where he was scheduled to box Volgaist when the latter was suddenly taken sick, is carried to the hospital instead.

The casualties are up against the old hard luck thing for fair. Volgaist will be unable to do battle for some months yet. Wells is in no shape to box and McFarland has not been seen in public since the Jimmie McLain stunt with Murphy. Welsh is said to have severely strained the tendons of his neck and back. The little Englishman was booked to go 20 rounds with Bobby Vaughn, the Texan, last Saturday, but was forced to call the thing off at the last minute, just as happened Volgaist ten months ago.

With the important "guys" all laid up, the Mandots, Rogans, Browns, Saylors and others will have a chance to run right into the front row of public attention. There is some talk in the near-champ" ranks that they may make good if given the opportunity.

One-round Hogan is a promising boy. He satisfied critics that he possessed considerable cleverness in recent bouts with Knockout Brown and Battling Nelson. Hogan outclassed Brown and displayed remarkable dexterity and generalship in the Nelson contest. Mike Gibbons, the St. Paul boxer, outpointed Jack Denning, the clever local middleweight, by a small margin only. While the latter has without doubt improved a great deal since his last two months ago, no one really believed he would have a chance in front of the clever Gibbons. Denning actually outboxed Mike early in the fight, but toward the end it was all Gibbons. In fact, the St. Paul man did not get loose until the last few rounds, and when he did assume the aggressive had things his own way. A match between Packey McFarland and Gibbons may be arranged after all. Gibbons' manager recently made overtures to Packey, and while the latter was rather coy about it, he intimated that he could be coaxed to make the match if a suitable purse is hung up. If this team comes together it will take another Madison Square garden to accommodate the sports who will want to see two real class boys put up their muscles. Packey and Mike are much alike in battle array, box on the same style, and both have left hands that it is a treat to look at. Gibbons is thought a harder wallop than the Chicagoan, but at 142 pounds he might not carry any heavy artillery. McFarland, if not forced to reduce, will prove sturdier than most people think. The stock yards boy was quite a good fighter a few years ago, when not compelled to sweat off much of his stamina. A glance over his record will show that he was one of the original "K. O." boys.

If Packey understands the building-up process as well as the reducing game, at which he is an expert, it will take an unusually clever waterweight to even stand him off. Gibbons may be the lad who can do it, but I doubt very much if he can gain a decision over him, let alone put him down and out.

## ABE ATTELL IS ANGRY OVER NEW YORK DEAL

**SAN FRANCISCO, Feb. 1.**—Abe Attell, the featherweight champion, arrived here today filled with grievances against the New York state boxing commission and with the declaration that he was ready to quit the fighting game. But before his retirement, he said, he would like to meet Knockout Brown and Jimmy Coulon in San Francisco in addition to his 20-round contest with Johnny Kilbane, scheduled in Los Angeles for Washington's birthday.

After 14 years in the ring, Attell said he thought he had earned a rest and hoped to settle down here in business.

In regard to his disharmony for six months by the New York commission, he said: "There had to be a goat and I was the goat. The commission couldn't prove I had stalled, yet because it wanted to make an example, it picked me out and said I had made misstatements about the doctor who coaxed me some hand, and gave me an overdose 10 minutes before I entered the ring to meet Knockout Brown."

Attell will leave for Los Angeles after a short visit here.

## MURPHY AND ATTELL SIGN

**SAN FRANCISCO, Feb. 1.**—Abe Attell, champion featherweight, and "Harlem Tommy" Murphy, who went 20 rounds to a draw, here last night, with "One-Round" Hogan, were matched today by Promoter James Coffroth for a 20-round fight, Saturday afternoon, March 6. They will weigh in at 133 pounds at 10 a. m. The bout will be staged at Coffroth's "Daily City" arena, outside the city limits.

## CALLAHAN SEEKING CHANGE IN RULES

**By HAROLD D. JOHNSON.**  
CHICAGO, Feb. 1.—Give the coach or at third base more liberties in handling runners. That's the gist of an argument advanced by Manager Callahan of the White Sox. Rulings made by umpires of the American league last season were cited by the "come-back star" in backing up his contention. Call isn't opposed to the regulation that keeps the coach within certain territory adjacent to the first or third corner but he would approve the framing of a new measure whereby the man detailed to this particular branch of play might "nail" and hold back overzealous runners.

Ever since "Silk" O'Loughlin chased "Cal" to the rathskeller for engaging in one of these violations of the unwritten law during a close battle on the Thirty-fifth street grounds last summer the South Side pilot has been racking his brain in an effort to conceive some new means of beating the rule. On the play in question Harry Lord occupied first base, with Dougherty batting. The latter combed a hit to right field, Lord killing past second and rounding third on the throw-in, while Pat hauled up short at first.

Lord, a daring base runner, might have proceeded on home as events later transpired, the opposing second-sacker juggling the throw-in. But "Cal" had judged the Sox captain, who was forced to halt at the far corner. Immediately O'Loughlin hotfooted down to the coaching box and waved Jimmy to the bench for breaking the time-honored rule. "Cal" contends it is right and proper to sidetrack runners who heedlessly or overzealously risk chances of losing closely fought games.

Wouldn't the rounds of the baseball circuit seem lay that Johnny Kling, in addition to angling for Ed Reulbach, had filed a bid on behalf of the Boston club for the services of Jimmy Doyle, third-sacker, and Handsome Harry McIntire, the pitching Adonis of the West Side club. In all probability some sort of a deal will be closed shortly whereby three or four Cubs will be transported to the Hub City in exchange for talented members of the tall-end combination.

John Powers, chief organizer of the Columbian league, is back in town with a big boost for the prospects of his circuit at Cleveland. While in the Forest City Powers met representatives of the United States league. Matt Hoke, a sporting man of Cleveland, has been put in charge of the work of organizing the company, and a site for the prospective park has been found at Luna park. Powers will go to Indianapolis tomorrow to boom the game in the hoosier metropolis.

Another meeting of the league members will be held at St. Louis in 10 days.

## Most Consumptives Get Well

Others Allow a Hard Cold to Sap Their Strength and Then—

"Everybody is a bit tuberculous" at some time or another," say the German Doctors, which is one way of declaring the most of those who have consumption get well.

YET ONE DEATH IN SEVEN AMONG CIVILIZED PEOPLE IS DUE TO CONSUMPTION. TAKE NO CHANCES WITH A COLD.

As soon as you begin to cough take Ozomulsion, because it is a nourisher, a strengthening, a fortifier, and therefore a shining weapon to fight those conditions of dangerous weakness of which the cough is only a noisy, discomforting symptom.

Even after the consumptive germs have begun to multiply in the lungs, Ozomulsion is a life-saver.

But who that is conscious of falling strength, and sees his bones beginning to show more and more plainly beneath the pallid skin, would wait for other signs that help is needed?

### Sample Bottle Free by Mail

That those who are seeking health and strength for themselves, children, relatives or friends may experience the life-giving properties of this exclusive Norway gold medal ozonized cod liver oil medicinal food emulsion—as well as to know Ozomulsion's superiority—in being most palatable and easy to take—a generous 3-oz. bottle will be sent by mail to those who send addresses by postcard or letter to Ozomulsion, 548 Pearl St., N. Y.

## City Agrees to Buy Land at Stumpage Value; Graves Gone

Mayor Avery received a telegram yesterday from Henry S. Graves, chief of the forest service, in which he expressed his regret that he would not be able to confer with the delegation from Colorado Springs and Manitou over the Pike Park land grant. The local delegation expected to meet Mr. Graves in Denver, next Monday, when it was thought that he would pass through on his way from the west, but a sudden change in plans prevented the conference. Chief Graves' telegram is as follows:

"Exceedingly sorry that congressional matters have required my immediate return to Washington without stopping in Colorado Springs. I appreciate the cordiality of your invitation and regret that it is impossible to accept it."

Colorado Springs and Manitou have agreed to the request of the forestry department that the two places pay for the land grant on the slopes of Pike Peak, on a basis of the commercial stumpage value, \$125 an acre. Representatives of Colorado Springs and Manitou will confer today for the purpose of redrafting the bill, which will be sent to Washington as soon as possible, to be introduced by one of the representatives from Colorado. A committee from this city and Manitou will go to Washington to present the matter before the congressional committee. The bill asks for a grant of 14,709 acres.

M. Peru, the last surviving pupil of Chopin, recently gave his farewell concert in Paris. He is over 80 years of age.

### Deaths and Funerals

Frank M. Weathers, formerly of this city, died in Huntington, W. Va., yesterday, according to word received in this city by J. C. Connell, 501 East Williamette avenue. Mr. Weathers was connected with the Portland Mining company, in Victor, and was in Huntington on a visit with his family. He is survived by his wife, son, Vernon, and daughter, Ethel.

Mrs. Ellen Maunder, wife of A. E. Maunder, 1020 North Corona street, died at her home yesterday morning. She was 77 years of age, and is survived by her husband and one child, her father, Robert Long, lives in Manitou. Mr. Maunder is in the employ of the Central Fuel company.

Mrs. Arnette Madden, wife of W. P. Madden, of Cheyenne, Okla., and sister-in-law of Dr. J. H. Madden of this city, died Wednesday night. She came here a short time ago for her health. The body will be sent to Oklahoma today, by Hallett & Baker, for interment.

## Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

## Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine.

Dr. Pierce believes they have a perfect right to INSIST upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses and derangements, giving rise to frequent headache, backache, dragging-down pain or distress and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest, that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages cloth-bound. Address Dr. Pierce as above.

#### POLICE COURT FINES COMPLAINING WITNESS

Because H. L. Clay failed to appear in police court and testify against two men, arrested on his complaint, he was fined \$10 for contempt of court by Magistrate Starrett yesterday. The two men were before the court Wednesday morning and insisted that Clay's charges of quarreling and using obscene language were unfounded. Magistrate Starrett discharged the accused men and issued a bench warrant against Clay. It seems that he was satisfied after he had secured the arrest of the men. Magistrate Starrett says that he will impose a jail sentence for the next similar offense.
